Dear Sirs

On behalf of SKL International (SALAR International), a company, owned by the Swedish Association of Local Authorities and Regions (SALAR) focusing on the development of well-functioning local and regional administrations, I confirm that **we have been cooperating with Task Force translation company starting from early 2018 within the frames of two projects** - the U-LEAD with Europe project and PROSTO project.

**The team of Task Force has been providing us with both interpretation and translation services (English / Russian / Ukrainian), as well as rent of equipment.**

U-LEAD with Europe project is a multi-donor action of the European Union and its member states Germany, Poland, Sweden, Denmark, Estonia and Slovenia to support Ukraine on its path to strengthening local self-government.

PROSTO project is about support to services accessibility in Ukraine implemented by SALAR with the financial assistance of the government of Sweden.

Please do not hesitate to contact me if you need further information.

Best regards,

Vladyslav Tynok
