Dear Yurii,

I am writing to express my appreciation for great and timely translation services provided by your team. Your dedication and professionalism in translating our digital platform have greatly contributed to the development of the project. What I appreciated most was your responsiveness, attention to detail and commitment to delivering accurate translations that capture the nuances of the content.

I look forward to continuing our collaboration with Task Force as we work together to serve the needs of refugees and vulnerable populations in Poland and beyond.

Best regards,

Jan
