**European Bank
for Reconstruction and Development**

To whom it may concern

December 17, 2015

The European Bank for Reconstruction and Development has been cooperating with Task Force translation agency since 2012. The translations provided concern different areas such as municipal infrastructure, agricultural business, and financial institutions, etc. Furthermore, Task Force team provides us with the translation of the EBRD official documents (e.g. loan agreements, official correspondence with authorities and Bank shareholders, press releases) and interpretation services. All translation and interpretations assignments are provided in a timely manner and meet the quality requirements. Task Force is flexible in work and manages to consider the nuances and expectations of the client. I am glad to recommend Task Force as a reliable translation agency to any organization in need of such services.
